You will need:

1/2 yd of lightweight fabric (quilting cotton)

1 Sheet of rainbow felt

1 yd of non-wired ribbon

Stuffing

Coordinating Thread

All Seams are 1/4 in. unless otherwise stated

Step 1: Cut your pattern pieces and cut pattern pieces from fabric

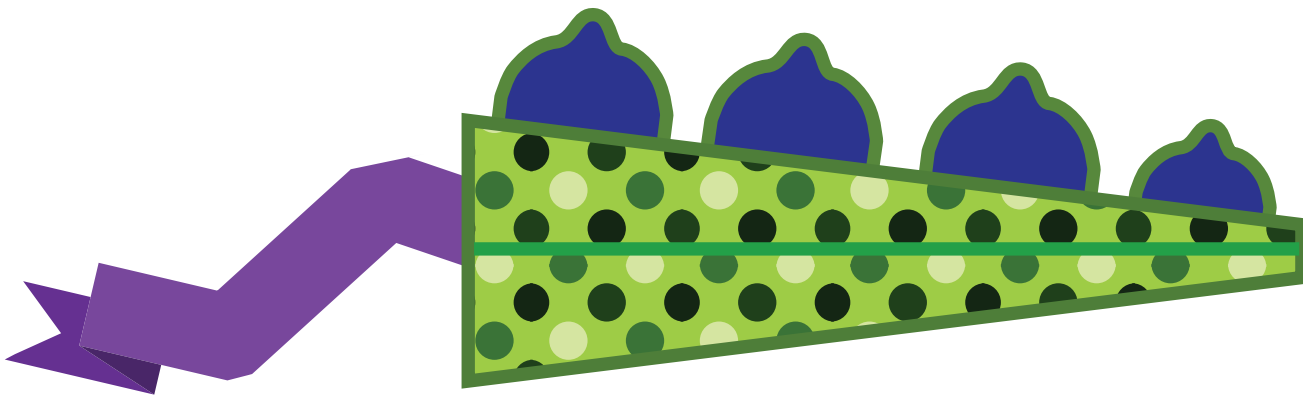

Step 2: Stitch 2 large scales together with 1/4 in seam. Repeat for remaining large and small scales. Set completed scales aside

Step 3: With right side facing up, pin scales onto 1 piece of dragon tail lining up the bottoms of the scales with a long edge of the tail and baste in place. Stitch that dragon tail piece to another, sandwiching the scales in between. Stitch on the remaining dragon tail pieces (but leave a 2 in gap on one side for turning) to create an inside-out cone with the scales inside.

Step 4: Stitch the narrow end of the tail closed

Step 5: Baste one piece of ribbon onto one corner of the tail base and repeat on the opposite corner. With right sides facing, stitch the base onto the tail, making sure the ribbon ends are tucked inside. Clip corners.

Step 6: Turn tail right side out through your 2 in. gap left open earlier. Stuff your tail and hand stitch closed. Done! Tie your tail on to your favorite dragon lover!

This pattern is not for resale
